

MRS. BRADLEY MAY KNOW HER FATE ON DECEMBER 4

TESTIMONY IN CELEBRATED
TRIAL IN WASHINGTON IS
DRAWING TO CLOSE.

REV. DAVID UTTER ON STAND

Final Arguments to Jury Begin First
of Week—Powers to Close for
the Defense.

Washington, Nov. 29.—After putting Mrs. Bradley on the stand for a few minor questions this afternoon, the taking of testimony in the murder case was concluded by both sides.

Washington, Nov. 29.—The story of the trial of Mrs. Bradley, so far as told from the witness stand, drew to its end today. When court opened after the Thanksgiving recess, there remained to be called by the government in rebuttal only a few minor witnesses and the expert alienists.

The government reached the climax of its case with the testimony of its alienists, Dr. Edward Brush, of Baltimore, and Dr. Smith E. Jelliffe, of New York. These men who have been watching closely the development of the case hold as their opinion that Mrs. Bradley's impulse to do the shooting was not insanity, but a fit of jealous rage. The final arguments to the jury will be begun the first of next week. These will take several days, as five of the six attorneys on both sides of the case will speak.

District Attorney Baker will close for the government, and Judge Powers for the defense. If there be no delay in reaching a verdict, Mrs. Bradley will probably hear her fate on December 4, exactly one year from the date on which she left Salt Lake City, coming to Washington.

The "surprise" of the defense in its rebuttal testimony was the appearance of the Rev. Dr. David Utter, pastor of the Unitarian church, Denver, Colo., who officiated at the baptism of the elder of the two Bradley children, Arthur Brown, Jr. He was referred to in Mrs. Bradley's letters as "the priest" and had in his ministerial capacity much to do with Senator Brown and Mrs. Bradley.

District Attorney Baker submitted to the court certain "prayers" with reference to the instructions to the jury. As he mentioned the phrase, "murder in the first or second degree," Mrs. Bradley, worn and haggard, shuddered and seemed to shrink still further back into her chair.

After brief testimony by Dr. Shute relating to Mrs. Bradley's physical condition after the shooting, Edward McLean, a newspaper reporter, took the stand to say that he believed Mrs. Bradley was sane. Dr. Utter said he saw Mrs. Bradley at her home in Salt Lake.

"I had been my friend and pastor for many years," he said, "and I went to see her in her trouble."

Anticipating the government's move in having Dr. Utter contradict Mrs. Bradley's testimony, Attorney Hoover demanded that the specific question be put to him.

"We talked of the woman's possible marriage to Senator Brown," said Dr. Utter on the stand today. "She said she believed he would marry her. I urged her to give up the idea. When he is brought to the point and a gun is pointed at him, and he is told that he must, he will marry me," she declared.

Dr. Utter's testimony rather favored the case of the defense before its completion.

"She was under a great mental strain, almost unhinged," he said. "The compulsion she referred to did not necessarily refer to her own act, but to her brothers possibly, or some member of the family."

Dr. Edward Brush, the Baltimore alienist, declared the defendant sane.

FIVE ARE KILLED AND SIX INJURED IN A BAD WRECK

MOORS INVADE FRENCH COLONY

(Bulletin.)

Oran, Algeria, Nov. 29.—Heavy French reinforcements have been thrown into the field and fierce fighting is in progress today against Beni Hassen tribesmen, who, after capturing a French outpost yesterday, meeting with subsequent repulse, have again invaded Algeria and are burning villages.

Paris, Nov. 29.—Official advices from Oran, Algeria, declare that a portion of the Moroccan army invaded Algeria Wednesday. The French were forced to retreat and in the fighting they lost 11 men killed and 15 men wounded. Later, however, they were reinforced and succeeded in driving the Arabs back across the frontier.

Yesterday's disaster has suddenly awakened France to the fact that the vexing Moroccan problem, far from being settled, has only assumed another perplexing phase.

Enraged because he couldn't catch a turkey Ezra Smith of Corinth, Miss., threw an ax at the bird and hit his little daughter, causing her death. Hundreds of marriages at St. Louis are invalidated because Rev. P. C. Phambole was not an American citizen when he solemnized them.

GROWS A CACTUS WITHOUT THORNS.

Washington, Nov. 29.—Luther Burbank, the California wizard, has on exhibition a specimen "leaf" of a thornless cactus. The perfecting of a cactus without thorns. It is claimed, will add a new forage plant which will grow as well in arid as in moist regions. The flattened stem of the "leaf" sometimes attains a length of nearly three feet, is a foot wide and nearly three inches thick. Its surface is similar to that of a water-melon. He believes he has accomplished the task of turning backward this course of nature.

STATE HOSPITAL INVESTIGATORS MAKE A REPORT

MANAGEMENT IS CRITICIZED
ITS LAXITY AND LACK OF
SYSTEM.

NOW REFERRED TO TRUSTEES

Athens Investigation Does Not Sustain
All Charges but Develops
Some Criticism.

Columbus, Nov. 29.—The report of the Athens State Hospital investigation made to Gov. Harris today does not sustain the charges that forced the investigation, but criticizes the management for its laxity and lack of system. The investigators found that Mrs. North, the Vinton county patient, had been placed in "sleeves," put in the bath room and tied to one of the legs of a bath tub. Another prisoner turned on hot water, and the patient's feet were scalded, and the entire side of Mrs. North was scalded. But the investigators find that Mrs. North died from pneumonia and that the scalding didn't contribute to her death. It is stated that isolation of patients in the bath room had been practiced for years, but after this occurrence the superintendent forbade the further use of the bath room in this manner. The investigators found nothing to substantiate the charge that meat was unwholesome. Under the present lax system, the attendant decides for himself when and what restraint shall be placed on a patient. The governor will refer the report to the trustees.

MORE GAS EXPECTED.

Zanesville, Nov. 29.—The second well being drilled by the Southeastern Gas and Oil company between Roseville and Crooksville, is ready for drilling into the sand. A big five-million producer was struck in the first test by the company on the Swackhammer farm, three weeks ago.

EFFECT OF NEW ISSUE ON TREASURY BALANCE

Washington, Nov. 29.—The announcement by Secretary Cortelyou that further subscriptions to the one-year treasury certificates would not be received is regarded as indicating that the secretary considers the crisis in the money market to be practically over. The amount of the allotments made is said to be about \$25,000,000 and this is probably the limit. All individual subscriptions having been rejected, it is anticipated that nearly the whole of the \$25,000,000 allotted will be used to secure new issues of bank notes.

The effect of the new loans upon the future of the treasury resources, and of the money market is already receiving attention at the treasury and in banking circles. From present sources of information the amount nominally added to the cash balance of the treasury will be about \$25,000,000, of which \$50,000,000 will represent the two per cent. Panama bonds and \$35,000,000 will represent the one-year certificates which have been allotted.

This amount would increase the present nominal balance from about \$241,392,217, where it stood, to a little more than \$325,000,000.

JURY IS SECURED

Eight Democrats and Four Republicans Will Decide Fate of Caleb Powers in Kentucky.

Georgetown, Ky., Nov. 29.—A jury having been secured to try Caleb Powers for the fourth time for the murder of Gov. Goebel, the commonwealth began its side this morning, the 17th day of the trial. The first witness was B. M. Woodson, a civil engineer of Frankfort, who brought a map showing the plan of the capital square and scene of the shooting.

Georgetown, Nov. 29.—The jury to try Caleb Powers for conspiracy in connection with the murder of Gov. Goebel, was completed yesterday afternoon. There are eight Democrats and four Republicans on the jury. Eleven are from Grant county and one from Harrison county. The names of the jurymen follow: J. W. Renaker, G. B. Shinkle, J. C. Linde, A. D. Joutt, James A. Harg, B. S. Franks, E. J. Marshall, E. J. Rice, O. R. Collier, Frank Lee, Thomas R. Hanson and J. L. Price.

At the afternoon session witnesses for the commonwealth were called and attachments issued for those who did not answer. The indictment of Powers, found by the grand jury on April 17, 1906, was read and Attorney Williams stated the case of the prosecution, reciting the crime and defining the term conspiracy. Judge Williams touched on the political nature of the case, and addressing the jurors, said the only man meaner than a Republican who would accuse a prisoner guilty of a crime because of Republican affiliation would be a Democrat who would rob the prisoner of liberty because of political bias.

He gave a brief sketch of the political history of the period surrounding the commission of the crime, purposing thereby to show a motive for Caleb Powers' alleged participation in it. He recalled the bringing of armed men from the mountains, the responsibility for this being placed by the speaker on Caleb Powers.

Judge Sims, for the defense, reserved his statement until the close of the testimony for the commonwealth, and court adjourned until Friday.

WEALTHY RETIRED BUSINESS
MAN PLUNGED TEN STORIES
TO INSTANT DEATH.

HE WAS INSANELY JEALOUS

Financial and Domestic Trouble Combined With Illness Cause the
Double Tragedy.

New York, Nov. 29.—John Whitley, a wealthy and retired Brooklyn business man, brooding over domestic troubles and financial losses, in the small hours of the morning, killed his youthful wife as she lay asleep and then plunged to his death from the tenth-story coping of the Hotel Belvedere, Broadway and Seventy-seventh street. Acute neurasthenia, exaggerated by his other ills, is said to have been a contributory factor in his homicidal and suicidal mania. Insane jealousy and fear that his beautiful young wife might remarry after his self-inflicted death is believed by the police to have been the impelling motive that caused the sex-maniac to make way with her before he slew himself.

IS HUMMEL DYING?

New York, Nov. 29.—A Thanksgiving entertainment took place for the benefit of the inmates of the penitentiary on Blackwell's island, but Abe Hummel, who is serving a year's term there, did not attend.

BIBLICAL MIRACLE BEAUTIFUL SYMBOL DECLARES PASTOR

London, Nov. 26.—The Rev. R. J. Campbell, pastor of the City temple, provoked angry interruption from his congregation while preaching in the temple yesterday. He asked his hearers if they really believed the story of Christ feeding the multitude in its literal sense.

"The feeding of the multitude was not of the soul with the bread of life," he said. "It is a beautiful symbol but the beauty is destroyed and the teaching ruined when it is sought to reduce it to a physical plane."

The clergyman was here interrupted by cries of "No," but he asked to be allowed to continue, and his request was granted. He then said:

"If Christ came to London He would not be received gladly by this church. He would be regarded as a revolutionary engaged in trying to upset the established order, in both church and state. He would not attempt to perform the miracle of feeding a multitude in the East End with physical food, but He would strike deep and hard at the cause which makes poverty and degradation."

The latter part of the sermon was received with applause.

DUAL OF MORALS

Archbishop Glennon Says the Imprisonment of Magnates Has Had a
Wholesome Effect.

St. Louis, Nov. 29.—"The sending of a few barons of finance to our prisons at last awakened the American people to the fact that the dual of morals, one for the wealthy, the other for the poor, cannot exist without bringing this land to the same degradation that brought about the fall of Greece and Rome," said Archbishop John J. Glennon at the dedication of a new Catholic church in this city. Continuing the prelate declared:

"In the last year or two we have seen quite a few of those who have disregarded their trusts placed where they can do no more harm. This has been a touching of the corporate and aggregations of wealth, and the people have come to ask a question of those who live from the labor of man, but deny the rights of the laborer. They claim for themselves. Furthermore, the people are no longer satisfied with the pre-election promises made with view of plugging the public treasury when the office is attained. A public office is a public trust, it is taken by the people to meet just what it implies, and we can thank God that the time has come when the public man must practice what he preaches."

FINANCIAL SITUATION.

New York, Nov. 29.—The easing of the financial situation was indicated by the Union Dime Savings removal of the 60 day notice requirement this morning.

These
symptoms
all indicate
diseased
kidneys

These and many other symptoms, such as pain in the side, painful passing of urine, highly colored urine, brick dust in urine, etc., all indicate an unhealthy condition of the kidney.

Healthy kidneys remove from the blood about five hundred grains of impure matter daily.

Should anything interfere with this most important function, the other organs of the body will soon suffer from the poisonous matter remaining in the blood, and Bright's Disease, which is almost always incurable, is apt to set in at any time.

Before it is too late, cleanse your kidneys with Lantz's Red Kidney Pills.

Our guarantee is in every box. No cure, no pay. Don't trifle with your health another day. Ask a man who has tried them. He is the best judge. Nothing equals Lantz's Red Kidney Pills for kidney and bladder trouble.

If you have never used these Pills, we will gladly give you a two days' trial treatment free.

GOLDEN WEDDING AT ALEXANDRIA

MR. AND MRS. F. R. MYERS OBSERVE 50TH ANNIVERSARY OF MARRIAGE.

Dinner Prepared by Mrs. Myers, Who Arranged Her Wedding Dinner Fifty Years Ago.

One of the most enjoyable events of the Thanksgiving season was the golden wedding anniversary of Mr. and Mrs. F. R. Myers of Alexandria, which was held at their home on Thanksgiving day.

Mr. Myers is an old soldier of company H, Seventy-sixth Ohio, and has reached his seventy-second year, and Mrs. Myers having reached the sixty-seventh mark.

Four children were born of this union, three of whom are living, being Mrs. Dr. Fred Priest of Newark, Mr. J. F. Myers also of Newark, and Mrs. Mattie Bowman of near Alexandria, Eva having died at the age of four years.

At the noon hour a bountiful dinner was served, having been prepared by the bride herself. She also prepared her own wedding dinner fifty years ago. They are both hale and hearty and were the life of the gathering. They were the recipients of gold, silver, linen and a handsome willow rocker. A photographer was engaged and pictures were taken, one representing four generations.

Those present were: Mr. and Mrs. T. R. Myers, Dr. and Mrs. Fred Priest, Mr. and Mrs. J. T. Myers, and daughter Ethel, Mr. and Mrs. W. C. Briggs and daughter Ottilie, and Mrs. Clara Duffield of Newark, Mr. and Mrs. H. C. Bowman, Miss Alta Curtis and Mr. William Harris of Alexandria.

In the evening all departed to their homes, having spent a most delightful day, wishing the host and hostess many more happy anniversaries.

1554—Sir Philip Sidney, celebrated English author, wit and soldier, noted for chivalry and generosity, born; died 1586 of wounds received at the battle of Zutphen. Sidney was wounded while leading a series of gallant charges. The incident of passing the cup of water from his own mouth, without drinking, to the lips of a fainting soldier is well known and is the model for chivalric demeanor.

Some persistent people keep on asking whether any of the money of widows and orphans collected from the big life insurance companies in the last Presidential contest still remains in the Republican national committee's hands.

It is certainly mortifying to sensitive Republican leaders to have to endure the stigma on their party of its responsibility for the present panic. The only thing left for them is to keep on claiming credit for the bountiful crops.

Representative Fowler of New Jersey, has been reputed as a capable chairman of the House Committee on the Currency. It remains to be seen whether his difference with President Roosevelt as to both the lawfulness and the expediency of the \$150,000,000 increase of the national debt will prevent his being retained as chairman of the same committee in the next Congress.

There are some people who are indiscreet enough to claim that they have additional evidence of Roosevelt's hostility to trusts in the fact that he expunged the words "In God we Trust" from the new coins.

EARLY XMAS BUYING

Newark Clerk Gives Good Reasons
Why Christmas Shoppers Should
Begin Right Now.

The Advocate has frequently urged the people of Newark to do their Christmas shopping early this year, thereby securing the best there is in the market and at the same time helping the clerks who have it hard enough even before the big rush comes.

"Christmas is like a nightmare to me. After it is over, I feel as though I had just passed through some terribly exhausting dream."
So spoke a salesgirl to an Advocate reporter. Why should salespeople be so overworked in the week before Christmas that they are fit for no rejoicing on that day of all the days of the year? Is it the fault of their employers? Is it their own fault? Neither one. It is the fault of the public. Christmas buying is not begun early enough.

All the holiday goods the stores will have for sale arrive fully six weeks prior to December 25. Why could they not be picked over earlier as well as later? There will be nothing newer, so that there can be no chance of getting better for the money. It is simply the spirit of tardiness and carelessness that puts off buying until the last minute.

The way one girl expressed herself is the sentiment cherished by every

woman who is compelled to work in the stores.

some stores, longer, the clerks have to work every evening. They commence early in the morning, and keep it up until late at night. And before us always we have that awful prospect of the day before Christmas. Our heads ache and by the time December 24 arrives our nerves are on the point of giving away. We must wait on every one before the store closes. How can we be glad on Christmas when we are more dead than alive? Why, instead of getting up bright and early, we have to sleep, and sleep and sleep and then we get up when Christmas is all over. And the next day, it is to start in working harder than ever to get the stock in shape and make preparations for taking an inventory.

"Won't the newspapers try to help us this year by urging the people to buy earlier?"

THANKSGIVING DAY

Business Houses in Newark Closed
and Owners and Clerks Enjoyed
Day of Rest.

Thanksgiving in this city was observed much in the usual manner. The day was an ideal one, the sun breaking in the morning and remaining out throughout the day. The business houses all over the city were closed and the proprietors and clerks enjoyed a day of rest.

Union services were held at the First Presbyterian church, the sermon being delivered by Rev. T. A. Cosgrove, and which was published in Thursday's Advocate. The church auditorium was filled to overflowing and aisle seats were called into requisition. Music was furnished by the Baptist choir, directed by Prof. Walter W. Flora. A mixed quartet chosen from the choir also rendered several selections and Prof. Flora sang a solo. A liberal offering was collected which was turned over to the City Hospital.

The various hotels of the city served special Thanksgiving dinners, which were enjoyed by many. A great many attended the football game at Columbus, between Ohio State University and Wesleyan, while others took advantage of the holiday to visit relatives and friends in various parts of the state. The matinees at the Auditorium and Orpheum were well attended, and hundreds took advantage of the elegant weather and spent the day in hunting.

BARBER'S ITCH CURED

Terrible Facial Blemish Removed

The most severe test to which any skin remedy can be put is in the treatment of BARBER'S ITCH. This disease is caused by a swarming mass of microbes which have heretofore refused to yield to any application which would not mar the skin before it could decimate their numbers.

The history of one who has suffered for 20 years and obtained a permanent cure should be very interesting to those who are similarly afflicted:
"I hope you will allow me to thank you for what Palmer's 'SKIN-SUCCESS' Ointment has done for me, having had Barber's Itch for twenty years. I tried everything recommended, but with utter failure, and became greatly discouraged, thinking it would never leave me. Finally I tried your ointment and now, after several months' application, my face is entirely well, which I think wonderful. As my case was so severe, I thought it only just to thank you with all my heart for the benefits received. Any one suffering from such a terrible disease as this may be referred to me. Again thanking you, I am, Henry W. Beckman, 203 19th St., Detroit, Mich."

COMPLETE CURE OF ACNE.
This is a skin disease which yields most reluctantly to treatment. It has baffled the experts and has thrown down the gauntlet to those who would seek to provide a remedy.

The testimonial which follows is only one of many which we have on file to positively prove that the PALMER'S SKIN AND BLOOD TREATMENT is absolutely beyond adverse criticism:
"Up to about six months ago I had a severe case of acne, for which several physicians treated me, but without relief. Then I used your 'SUCCESS' Remedies, and am pleased to state that the cure was complete. Since then I have recommended your ointment, soap and remedy to many people, and invariably they have been cured. I am, George C. Strott, Washington, Pa."

These remedies will positively cure Eczema, Salt Rheum, Psoriasis, Erysipelas, Acne, Scall, Pimples, Blackheads, Ringworm, Tetter, Itch, and Oak Poisoning, Itching Affections, Piles, Burns, Bruises and Scars, also constipation and all liver and blood disorders.

Romance of Princess Hohenberg.

Her Morganatic Marriage to Francis Ferdinand, Heir to the Austro-Hungarian Thrones.

COLD is the breast in which no love of romance lives, and when the romance concerns royalty all the world is ready to read. Since David's wooing of Bathsheba the love affairs of kings have been sung to the great delight of the populace, and when a monarch stoops, like Cophtua to the beggar maid, to lay his heart at a subject's feet novelists rejoice and sentimental youths and maids weep tears of gladness. So when it was announced some years ago that the Archduke Francis Ferdinand of Austria, heir to the oldest and proudest throne in Europe, had fallen in love with a beautiful Bohemian, in whose blood no royal corpuscles ran and whose highest title was that of countess, the spirit of romance took on new life, and his decision to wed the lady of his choice was applauded far and wide. In his own country, however, the applause was somewhat faint, for the archduke was not overpopular there, and in no country in the world, outside of India perhaps, is the idea of caste more fixed. For a prince of the blood to make a simple countess his wife was regarded as something in the line of sacrilege. It would have been all right of course, for the prince to love his sweetheart under the rose, but to marry her—aristocratic Aus-

rights of his posterity to succeed him on the throne, the prince and his countess were married July 1, 1900. The marriage ceremony was simple, but the ceremony of renunciation which preceded it was not. In the presence of the emperor, the archdukes, ministers and state officials Francis Ferdinand swore solemnly that neither he nor his wife, the Countess Chotek, would ever regard their marriage as other than a morganatic alliance and that so far as the succession was concerned, their children would be illegitimate.

After the marriage the emperor renounced to the extent of advancing the archduke's bride to the dignity of a princess, giving her the title Princess Hohenberg. The marriage has disappointed all the pessimists who predicted a disastrous result of what they considered a misalliance, for the archduke and his morganatic wife have lived together in peace and concord and have three beautiful children, to whom they are as devoted as they are to each other. Not a breath of scandal has touched either the duke or the Princess Hohenberg, and their conduct might well serve as an example to other archdukes who have adhered more closely to the traditions of the Hapsburgs.

The Princess Hohenberg's goodness

PRINCESS HOHENBERG AND TWO OF HER CHILDREN.

tria was agast! But Francis Ferdinand was not of the type of certain others of his house. What he did he did openly. He had enough of the Hapsburg obstinacy to withstand even the slanders which shrouded Francis Ferdinand's bachelorhood. It was to be expected that the princess would be accused of harboring the ambition of seeing her son upon the throne in spite of her husband's solemn oath and the prohibition of the pragmatic sanction, which forbids to unroyal birth the crown of Hungary, and hence the Austrian diadem if the two countries remain united. There seems to be no reason, however, to believe that Francis Ferdinand will not respect his promise, and fear of future trouble over the succession is fast dying out.

An interesting story, probably apocryphal, is told of the manner in which the love of Francis Ferdinand for Sophie Chotek first became known. The archduke had been wooing the countess in secret for some time.

One day a servant brought to the Archduchess Isabella a slender silver chain, to which were attached a number of trinkets the Archduke Ferdinand carried in his pocket. That morning Francis Ferdinand had left the palace of the archduchess at an early hour, having been summoned to his place, Beckarsan, on the Danube. By some oversight the valet had left the lunch of pocket trinkets half concealed under the lace covering of a toilet table.

The archduchess did not pay much attention to the trinkets until she saw among them an odd little gold medalion. She could understand the other trinkets—the knife, match safe, pencil, etc.—but the medalion stirred her curiosity. She examined it closely, and when opened it revealed a lock of brown hair. In lifting out the hair to hold it to the light her finger touched a tiny hidden spring, which brought into view an exquisitely painted miniature of the Countess Sophie Chotek.

The cat was out of the bag then, and it wasn't long before the whole court knew of the archduke's love affair.

Francis Ferdinand is not the only Austrian of princely rank who has loved outside his circle, though his is the most conspicuous romance. Stephanie, widow of Crown Prince Rudolph, whom Ferdinand was expected to wed, followed his example and married a count, by which act she forfeited an income of \$120,000 a year and lost the custody of her only child. It was love of the Baroness Vetsara that was love of the crown Prince Rudolph's life. The Hapsburg history is full of romance, some of it sinister, little of it happy. Francis Ferdinand is one of the few for whom the course of true love, while far from smooth, has not been crooked.

JAMES ACKERMAN

Died Friday Morning at South Sixth Street Home at Advanced Age of 81 Years.

Mr. James Ackerman, one of the oldest and best known of the pioneer citizens of Newark, died at his home on South Sixth street, Friday morning at 9 o'clock, after an illness of some five or six years with the ailments peculiar to advanced age. He was 81 years old at the time of his death. When only 17 years of age, Mr. Ackerman came from Baltimore to Newark and purchased the little place on South Sixth street, where he has been engaged in the garden business for over 50 years. He was a good Christian and for many years had been a member of the Second Presbyterian Church. He was a man who was highly esteemed by all who knew him, and his death will be sincerely mourned by hundreds of people throughout the country. He is survived by his aged widow and seven children, two sons and five daughters. They are Stephen Ackerman of Hebron; James Ackerman of the B. & O. shops, this city; Mrs. Walter Aiken, of Franklin, Ind.; Mrs. Charles Bradley, formerly of this city, but for a number of years a resident of Greenville, O.; Mrs. Eli Weiss of West Newark; Mrs. Wilbur Mains, Delaware; Mrs. Elwin Jackson, Topeka, Kansas.

At this writing no arrangements have been made for the funeral, although it will probably be held on Monday from the house.

JOHN FITZGERALD.

John Fitzgerald, a retired Colorado gold miner, who had been ill since September, died Thursday night at 11:15 o'clock, at 47 Franklin avenue leaving a widow but no children.

Mrs. Fitzgerald, who had made Newark his home for 25 years, was born on June 24, 1828. He had a large number of friends in the city and was a member of the Modern Woodmen. The funeral service takes place Saturday at 10 a. m. at St. Francis de Sales church, followed by burial in Cedar Hill cemetery.

MISS BESSIE STATER.

Miss Bessie Stater, aged 24, died at the home of her mother, Mrs. Frank Stater, on Lawrence street at 7 o'clock Friday morning. She is survived by the mother and several brothers and sisters.

No arrangements have been made as yet for the funeral.

NEWARK PEOPLE

With Chronic Coughs Need Vinol. It Stops the Cough and Cures the Cause.

This is the season for coughs and colds, and for the benefit of Newark people our local druggist, Frank D. Hall, tells them the best means for a cure.

He says: "Take Vinol, our real cod liver preparation without oil. It does not upset the stomach like cough syrups, and it is much more effective. Vinol is not a palliative but a curative."

This is because Vinol contains in a highly concentrated form all of the healing, strength creating and medicinal elements of cod liver oil actually taken from fresh cods' livers, with all the useless, nauseating oil eliminated and tonic iron added. It tastes fine, and cannot upset the weakest stomach, hence its wonderful power to cure.

We ask every person in Newark who has a chronic cough or hard cold to try Vinol on our guarantee. Frank D. Hall, Druggist, Newark, O.

THANKSGIVING BRIDES

Seven Licenses are Issued in Judge Brister's Court for Thursday Weddings.

If rabbits and quail are plentiful in the fields of Licking county, so are brides. If it were otherwise, how could prospective husbands be so successful in bringing down their game? It seems from the regularity with which the successful hunters of the early winter brides are recording their names on the marriage register kept by Judge Brister, that Cupid fires many shots in Licking county, and that each of his errors is tipped with an incense that is dear to the heart of a willing maid. Thanksgiving licenses were issued to the following parties:

Edward J. Early, Newark; Nettie E. Finch, Newark.

Frederick Albert Schneider, Newark; Daisy Ellen Ford, Newark.

W. Franklin Maxwell, Newark; Gladys G. Jamison, Newark.

Cyrille M. Freeman, Portsmouth; Lillian E. Shade, Newark.

There are many cheap, poorly made ranges on the market, but the difference in the price between a good Gas Range and a cheap one the same size and style is not over two or three dollars, which it does not pay to save in buying a Range, as a cheap, poorly made Range is not desirable at any price, and many of them will not operate satisfactorily.

NEWARK HAS KEY TO O. P. SITUATION

Marion explains the break in the O. P. as due to the fact that the salaries of every team in the league were too high. Many men are advocating a salary limit for the O. P. next season, and say that unless there is a limit there will be no league after the coming season. In the stand that the four western clubs of the O. P. have taken in regard to the readjusting proposition it seems as if the matter would result in a tie vote with four each way. Unless the western clubs can get a circuit bind up for the coming year, they will surely fight for their base ball lives in the O. P. and do all in their power to prevent the readjusting. It looks as if Newark has the key to the situation and it is hardly probable that they will turn down Zanesville after all they have said.

FIXING UP PARKS

Owners of the Marion club of the O. P. league, have started work on improvements to their baseball park. This will be glad news to those ball players who will do stunts there next season. Marion's ball park was in last spring, and it was in a bad condition. The ground was hard and during the hot weather it had been as a cement. The Marion ground will be plowed and the top soil placed on it, the whole to be sown with seed. The outfield will be seeded and the infield sodded.

FAST MAY QUIT BASEBALL FOR LAW

Alvin Funn, star pitcher of the Marion club, has decided to leave baseball and go to law. Funn has been in the league for several years and has been one of the best pitchers in the league. He has been offered a large salary for next season, but he has decided to leave baseball and go to law. Funn has been in the league for several years and has been one of the best pitchers in the league. SCROFULA AN INHERITANCE OF DISEASE AND SUFFERING

No truth is more forcibly manifested in physical life than the old saying "like begets like," for just as the offspring of healthy ancestry are blessed with pure, rich blood, bearing health and strength, so the children of blood tainted parents inherit a polluted circulation to burden their existence with disease and suffering. Scrofula glows about the neck, brittle bones, weak eyes, pale, waxy complexions, running sores and ulcers and general poor health, are the usual ways in which Scrofula is manifested. In some cases the blood is so filled with the scrofulous germs and tubercular matter that from birth life is made miserable with suffering. Others who inherit the disease succeed in holding the trouble in check during young, vigorous life, but when the system has begun to weaken and lose its natural vitality, and especially after a period of sickness, the ravages of the disease will commence, and in a great many cases terminate in consumption. S. S. S. is the very best treatment for Scrofula. It renovates the entire circulation and drives out the scrofulous and tubercular deposits. S. S. S. is the greatest of all blood purifiers, and it not only goes to the very bottom of the trouble and removes the cause and cures the disease, but it supplies the weak, anemic blood with the healthful properties it is in need of. S. S. S. is made entirely of healing, cleansing roots, herbs and barks, and is an absolutely safe remedy for young or old. Book on the blood and any medical advice about Scrofula given free of charge.

WRIGHT LANDS STAR PITCHER

Pitcher O. F. Baldwin, star slapper of the Sandusky Independent team last summer, has accepted Manager Sam Wright's terms for next season. Baldwin is one of the most promising of pitchers. He pitched Sandusky to victory over the New York and Boston American League teams last season. He is a big fellow with a world of speed and good control.

CORNELL BEATEN BY PENNSYLVANIA

Philadelphia, Nov. 29.—The big Red football team of Cornell is no more. On Franklin field yesterday afternoon they met their Waterloo. Fighting to the last, bitterly dogged, the only Cornell can fight, they were soon down to defeat by the Blue team of Pennsylvania 12, Cornell 4. The game was a close one. When it was over they went onto the field and the victorious Penn boys to the cheering bosom and, like a conqueror, waved their arms. After much through the gates. Last night, Penn triumphed was with enthusiasm. The Quaker City boys owned the town. Two touchdowns, dashed with red and blue, and a second with the college war cries.

STATE WINS FROM DELAWARE METHODISTS

In a Hotly Contested Game on "U" Field Thanksgiving Afternoon by Score of 16 to 0.

Columbus, O., Nov. 29.—Wesleyan rooters came down from Delaware by the hundreds and were given a welcome that warmed their hearts. Preliminary to the call of play on "U" field the customary amenities were indulged in and State added a few frills to this pleasant truce. There were about as many Wesleyan yells from State rooters as from Wesleyan rooters. Wesleyan caught the good feeling that a resumption of relations between the two colleges inspired and returned every yell with spirit.

State won the game and did it by the decisive score of 16 to 0, but Wesleyan officials and faculty members who came with them went home happy in the fact that no untoward incident save the score marked the resumption of athletic relations between the two schools.

Wesleyan rooters came in special cars and brought their own band and did their share. The team, however, did not play consistently. At times they showed a flash of form that made State look slow, but it was only a flash. They would make first downs in easy fashion two or three times in succession and then be thrown back for losses.

The forward pass was responsible for both of State's touchdowns yet it cannot be denied that Wesleyan luck with this play oftener than State. Frequent gains were made by Wesleyan with the play. The ball would be passed into a tangle of players and a Wesleyan man got it nearly every time.

State's first touchdown came on a forward pass with the ball five yards from Wesleyan's goal. It was a surprise for the Wesleyan team.

State's second touchdown came when the ball was passed to Carr who caught it, eluded two tackles and ran behind the goal posts.

Barrington kicked one goal, which completed the score. Individual performances were not spectacular. The work of Barrington and Carr in the forward pass, a sensational run by Bryce and the general good work of Clavin were features. Gibson's punting was a ground-gamer.

MT. VERNON HIGH DEFEATS DOAN ACADEMY 10 TO 0

(By Staff Special.)
Mt. Vernon, Nov. 29.—Before the largest crowd of the season at the local ground the husky team from Doan Academy, of Granville, was defeated by the high school team on Thanksgiving afternoon by the score of 10 to 0.

It was an ideal day for the popular game of the fall, and an immense crowd went to Lake Hiawatha Park to see the battle. The orange and black of the high school team mingled with the gay colors of the Licking county lads. A fair sized delegation accompanied the academy boys and did all in their power to cheer their favorites to victory.

Both teams were well matched as to size with probably the odds in favor of the visitors. When the referee sounded his whistle probably 100 spectators had gathered to witness the contest. The game was

clean, due to the excellent work of referee Rawlinson.

First Half.
Watson, full back for the high school, kicked off and planted the pig skin behind their opponents goal. The ball was returned to the 25 yard line and kicked to Mt. Vernon. On a series of bucks and end runs the players in the orange and black forced the ball to the 15 yard line. When the Granville boys secured the ball they were unable to gain ground by straight football and were forced to punt to the middle of the field.

The forward pass was tried several times by the Mt. Vernon boys, but they were unable to use it successfully. About the middle of the first half Doane forced the leather into the defenders' territory, but there lost it on an attempted forward pass. The ball was stopped on the 20 yard line of the high school. A fast series of plays followed and the ball was rapidly being advanced toward the center of the ground when time was called by the referee.

Second Half.
The work of Meltzer, the high school boys' quarterback, put the home team on their feet, and they began to play football that the academy boys were unable to stop. Watson forced the ball over for the first down, and after a few moments of scrimmage he again carried the ball across the white chalk line. The work of Stevenson and Bowers, Doane's two back men, was excellent, while the high school did most of her ground gaining through the work of Meltzer, Ward and Watson.

The line-up:
Doane. Left End. Mt. Vernon. Williams. Left Tackle. McManis. Hill. Left Guard. Culbertson. Findlay. Center. Englehart. Lewis. Right Guard. Craner. Parker. Right Tackle. Carr. Weiniger. Right End. Wagner. Warner. Quarterback. Meltzer. Royd. Right Halfback. Ward. Stevenson. Left Halfback. Ewalt. Bowers. Fullback. Watson. Unger. Referee, Rawlinson. Empire, Moore, of Denison. Field Judge, Cunningham, of Kenyon. Head Linesman, De Voe.

Motion for New Trial.
In the case of Amos Atwood, as administrator of the estate of Ray L. Atwood, deceased, against the Columbus, Buckeye Lake and Newark Traction company, suit for damages growing out of the death of Ray L. Atwood, the jury by order of the court returned a verdict for the defendant. The administrator has filed a motion in the Common Pleas for a new trial for the following reasons:

First, that the verdict was against and contrary to the weight of evidence and the law of the case. Second, That the court erred at the conclusion of the testimony for the plaintiff in sustaining the motion of the defendant to direct the jury to find a verdict for the defendant, and in so doing directing the jury accordingly. Third, That the court erred in directing the jury to find the verdict for the defendant. F. A. Slabaugh and Jones & Jones, attorneys for plaintiff.

WHAT PEOPLE SAY

BOYS' INDUSTRIAL SCHOOL.

I have recently seen a statement (or interview) from Supt. Adams, of the Lancaster Industrial School, in which he expresses the desire to have the law changed so that only boys under 16 years of age, instead of all boys under 18, can be committed to that institution. Doubtless Mr. Adams has reasons—I can only surmise what they are—which he considers valid and sufficient for this change in the law, but it seems to me that the officials of the Industrial School, with the power of the state behind them, ought to be able to care for boys between 16 and 18 years old who may be committed to their charge? If not, why not? At any rate, I think that if I were in Mr. Adams' place, I would be very slow to seek for such an abridgment of the Industrial School's "sphere of influence" in the moral and social progress of our great commonwealth.

ELEVATOR AT AUDITORIUM.

Sam Williams Camp No. 23, U. S. W. V. at their regular meeting held in Memorial Hall Wednesday evening passed by unanimous vote a resolution to present to the board of trustees of the Soldiers' and Sailors' Memorial building, at its next session, a petition adopted August 26, 1907, and signed by every one of the 57 members of Sam Williams Camp, for the erection of an elevator on the outside of the Memorial building to be used as a means of reaching the upper floors by the soldiers and others who may have business in the building. When the building was constructed, on the second floor provision was especially made for a public library. In fact, this idea was greatly instrumental in securing the consent of the voters to issue the bonds to erect this one of Ohio's most beautiful monuments to her "Boys in Blue." The "old boys" and their wives are getting old and feeble and many, as much as they wish, cannot attend the meetings and public gatherings in the soldiers' hall by reason of the three flights of stairs they are compelled to climb in the absence of an elevator. If the members of the honorable board wish to confer a lasting favor upon the "thin blue line" that remains, they will at once take up this elevator question and solve it. Petitions, it is understood, will also be presented by Lomert Post of the G. A. R., and the Woman's Relief Corps, as well as a general one from the friends of all soldiers. Let us have an elevator and a city library as has been provided for in the original construction of the building. CITIZEN.

NEW STATE HOSPITAL

If Commission Gives It to Columbus War Will Open in the State Legislature.

It is violating no confidence to say that if the new State Hospital for Crippled and Deformed Children is located in Franklin county there will be much opposition to voting the necessary funds to construct and maintain the institution. The commission appointed to select the site is expected to make known its choice within a few days. The opposition will come from the localities that were overlooked or whose opportunities were refused. Somewhere in the neighborhood of 47 towns and cities made application for the institution, and each of them had one or more sites to present. About the capital the whole affair has become a sort of standing jest, but, as may be easily understood, it was not funny for either the commission or the boomers.

For a long time there has been some resentment over the hogging of the time of the commission by Franklin county representatives, and the charge was made that it was designed so as to wear out the other promoters. It is certain that if the award is made to a Franklin county site the war will open.

GALLERY WILL BE OPEN. From now on Smith's Gallery will be open every evening for negative until 7 o'clock and later by appointment. Call Citizens' phone 741.
